

Participating in a LSBE Company Day:

About Labovitz School of Business & Economics (LSBE) Company Days:

In partnership with UMD Career & Internship Services, we offer employers an opportunity to recruit on our campus within LSBE. Employers can table within our space and we help to arrange some class visits to talk about specific topics related to your business and content covered in the course. Here is a list of our majors <https://lsbe.d.umn.edu/students/internships/recruiting>

Goals/ Purpose:

Our goals with LSBE Company Days have multiple purposes. We want to offer employers an opportunity to recruit business students for careers and internships within their organization. In addition, we want to engage employers in the educational process by offering opportunities to present on topics related to the course content. Presentation length and topics can vary.

Getting the most out of your visit to campus:

We encourage employers to bring representatives from different divisions within your company along with Human Resource Representatives to talk about hiring and internship programming.

What to expect while visiting on-campus:

There are a variety of activities that occur during your visit to campus which can make your day busy. This includes class visits, general recruiting in our cyber cafe, lunch with our administrative team, and possible presentations to student groups in the early evening.

Internal Partnerships:

We work with [UMD Career & Internship Services](#) and so they may have additional services to share as well. Regardless, we help you connect with our UMD Campus Employer Relations Coordinator, Susan Hudec while visit campus. She can help you to understand how to engage with students across UMD campus. I have included Susan on this email. http://www.d.umn.edu/careers/about_us/index.html#staff

If you would like to schedule an LSBE Company Day:

Please feel free to contact me directly. If you prefer to meet over the phone, please let me know and I can arrange a phone meeting. We will work with UMD Career & Internship Services to facilitate the planning and logistics.
